cross country league

A misty morning greeted us at the Horspath track for the opening races of the 1997/8 season, although we had some glimpses of the sun later. Very many thanks to our hosts Oxford City AC for stepping in when the League was hard pressed to find a venue for the first round, and thanks to all the helpers for carefully marshalling everyone around the course.

The longer than standard lengths in some of the races were testing, particularly for the children. After the event the distances were estimated from the map to be, Races 1 & 2: 2200m, Races 3 & 4: 3500m, Races 5 & 6: 5000m, Race 7: 10700m. The maximum distances for League races are 1200m, 2000m, 4800m & 8500m respectively. When the league officers inspected the course arrangements two weeks ago, they were told that fewer laps would be run and there would be less distance in the start finish area.

The second round of the series will incorporate the Oxfordshire Cross Country Championships. The League officers have worked closely with the County to combine the events without disturbance to the traditional League format. League runners who are not entering the County Championships should find their established routine is unchanged, as are the race groups and times. As usual, club vests must be worn (optional for under 11s). At the end of the funnel all League club members must collect a disk and hand it to their club envelope person in the normal way.

Those who enter the County Championship, through block entries made by their club or on a personal basis, will be assigned a number which should be collected by their team captain from the County officials on the day. The County will issue a programme listing all County Championship competitors. Runners wearing a number who are not competing for a League club will not receive a disk at the end of the finish funnel. It is essential that League club members wear their club vest in order to receive a disk.

Under 11s, without club vests, will be asked to declare their clubs to the officials handing out the disks. Runners representing a school team in the County Championships may at the same time have their

position recorded for their club in the League. To be recorded in the League results they must wear their club vest and *not* their school colours.

OXFORDSHIRE XC LEAGUE RESULTS ON THE INTERNET

This season we are distributing the results on the internet. The first test E-mail containing all today's results was transmitted at 1930 on Sunday to Pat Read of Headington. Having being declared readable, the file was then transmitted to the Oxford Mail and Athletics Weekly at 2020. Pat was planning to forward the E-mail to other Hed. members. Any runner with access to an E-mail account who wishes to join the circulation list should send an E-mail message to the Abingdon Amblers Results Service at the following address, athletics@lineone.net

We also hope during the course of this season to start to put the results on the World Wide Web.

For those not yet on-line, do not fear. This hard copy of the results will be continued for the foreseeable future. It is sent to each club, and is also available direct at a cost of £2 p.a.

ROUND 5 - CHANGE OF VENUE
Banbury have kindly agreed to step down to allow Bicester to host the event on 1 March at Kirtlington Park, to pay our respects to the memory of Andy Reading, League race day coordinator, who died 2 months ago.
