cross country league

Shotover Estate provided a welcome new venue for the league, on a dull day with a chilling wind. Many runners were heard commenting favourably on the traditional type of cross-country course; wet patches and sticky mud around the lower field, followed by a stiff climb and long downhill swoop towards the finish. Several juniors came in minus a shoe. Many thanks go to Gerald Walker and his Headington club mates for overcoming last minute financial and legal hurdles in getting all the permissions necessary for use of the venue, and marking the courses so clearly with frequent white posts. With the assistance from numerous marshalls nobody could go wrong.

In contrast to last month the under 11 courses were much shorter, well under the league maximum. The other events were much as expected although the tough going took its toll, particularly on the back markers.

For the first time the League hosted the Oxfordshire County Championships. This was at the instigation of the County and despite some fears about confusion in the results, thorough planning by County and League officials sorted out the three categories of runners: County only entrants, League runners, and those running for both the League and the County. To achieve this separation the long finish funnel, manned by three separate teams of officials, was a hive of activity. In the results presented here all those who ran only for the County and not the League have been removed.

There were two lost disks. The third placed man claimed fourth place on his envelope but there was no disk inside. After discussion, the league officials reluctantly decided on disqualification, as has been implemented before in similar circumstances. It is important to be

disciplined about the disks. Missing disks cause delay in sorting out the results and most of the time it is difficult to positively identify a runner lower down the field, who has lost his disk. This was the case with the 63rd woman whose disk did not appear in any envelope. We moved the 64th finisher up to 63rd place. We will now have to ask Geoff Smith of Banbury to organise two new disks.

The results service apologises for the late appearance of these results. This was due to absence of effort after the race, only foreseen a few days before. Unfortunately, nobody has responded to our call for help, so next month's results are also going to be delayed by about one week due to a planned absence.
