

Hi Dene,

We have had phone calls today to say that residents aren't happy with the event happening due to the amounts of runners that are going to be attending and the parking. Can you please ensure that anything on your website stipulates that runners are not to park in the residential area, they are to park in the designated area you are providing at the industrial estate.

As you can imagine this has already caused enormous amounts of work for us, and it is appearing to be causing a few more issues. I would greatly appreciate if you could perhaps put something up on your website that gives residents more reassurance on the parking issues and amount of visitors to the venue.

We would ideally like to have advertised this in advance and I think that is part of the problem – so any efforts you can make in reassuring residents would be greatly appreciated. Is there any way notices can be put up around the area?

Kind regards,

Suzi Barton
